Course Title School Readiness, Course 2: Early Math & Science

Course Dates \_\_\_\_\_

Name \_\_\_\_\_

Mailing Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

Home Phone \_\_\_\_\_ Work Phone \_\_\_\_\_

**Please complete this form and submit it with your completed CEU homework assignments.**

The cost of 1 CEU is \$15. Please make **check** or **money order** payable to UACCRRRA (no cash please). Payment for CEU credit **MUST** be submitted with completed homework assignments in order for CEU credit to be awarded.

Homework assignments must be complete in order to be considered for credit. Incomplete assignments will be returned. You can re-submit a homework assignment for credit, as long as it is still before the due date. You **MUST** include a CEU Homework Cover Sheet with all requests.

Homework due dates will be strictly enforced. Homework is due 3 weeks after the last session of class. In order for homework to be considered for credit it needs to be postmarked on or before that date. There are no exceptions to this policy. Classes you are earning CEU credit for must be completed in full. If you make up a session in order to complete the course, the CEU homework is due 3 weeks from the make-up session date.

Please allow 2 weeks for processing of your certificate. If you have any questions, please contact Carrie Stott at 435-232-2981 after 5:00 pm, Monday-Friday or email me at [carrie.stott@usu.edu](mailto:carrie.stott@usu.edu).

***Completed CEU homework is due 3 weeks after the last session of class.***

## School Readiness, Course 2: Early Math & Science

Choose and complete **four** of the following assignments:

Answer **all parts** of the questions that you choose.

Represent what you have learned while participating in the SR, Course 2 class.

Your answers need to be in depth, but try to contain them to one page.

1. Describe 3 ways you would promote Number Vocabulary with the children in your care. Include examples of the 3 ways with your homework.
2. Create a developmentally appropriate game to support Math Terms skills in children. Include an explanation and list of materials for the game with your homework, and describe which basic math term/s it is enforcing.
3. Create 2 geometric food activities. What materials would you need for each one? Include directions and list the skills the children would be developing.
4. List activities for the different age groups, 2 for 3 year-olds, 2 for 4 year-olds, and 2 for 5 year-olds that would enhance the geometry guidelines or promote the development of proximity words. Include materials and directions for each one. If you would like to include samples, please do so.
5. Describe 3 ways you would redesign your child care environment to facilitate algebraic thinking. Include a drawing, materials needed, and the name of the skills that would be addressed.
6. Create and describe one activity for each season of the year - Winter, Spring, Summer, and Fall - that would expose children to data collecting and analysis or measurement. Include graphing in at least 2 of the activities. Also include the age/ages of children that would be participating in these activities.
